

Lastminute.bid

Sally Bray – Started playing about eight years ago. Been playing at Altrincham Bridge Club for seven years. The slim attractive brunette is the go-to person if you're a student with a problem attending Manchester University.

Judith Dunkerley – played rubber many years ago and started playing at Altrincham about five years ago. Undoubtedly the best caterer on the team.

Jonathan Engler – played at school and then had a 30 year break before being persuaded back by Adam Wiseberg with promises of glory which have been strangely slow in arriving. Qualifications as a Doctor and a Barrister make him the leader of all the team's inquests.

Adam Wiseberg – started playing Duplicate at Altrincham 3 years ago after many years on and off playing rubber. Appointed as Team Captain when it became clear that he was the only one who was prepared to do the work involved in arranging the matches. Not a particularly good loser, or even player but great at arranging the pre and post match drinking sessions.

Adam Wiseberg
