

## IMPS R US

Ask any sportsman how does it feel to get relegated, whether you are a footballer or a Davis Cup tennis player you hope it will never happen ... at a lesser level there is getting relegated from probably the best county bridge league in the country.

We looked at the positive side, people we have never played against and those we haven't played for some time. It has been a very enjoyable season and I would like to think that all our opposition enjoyed our matches as much as we did...

My team mates travel quite a distance to play with me in fact it's safe to say Bradford to Bangor and a curry mile in-between. David Stevenson along with myself played all the matches, Paddy Murphy, Liz Commins, Ted Reveley and our newcomer Stuart Davies all made valuable contributions for which I thank them.

Here's to next season ...
